Staff Spotlight

Dr. Kathryn Bangs

My name is Kathryn (Katie) Bangs, PhD, NCSP and I am the Clinical Services Supervisor at Egyptian Health Department. I enjoy working with my team to help kids and families live happier and healthier lives.

InCK Success Stories

"Recently, I helped a caregiver with food insecurity connect with a food pantry in the area. After coordinating with the food pantry, we were able to provide the caregiver with food that would get her through the weekend, which had been a big concern of hers. The caregiver was able to pick up the food the same day we connected with the food pantry. It was a great experience. Everyone was willing to work together and were pleasant to work with."

Hannah Hall, Service Integration Coordinator
