## Staff Spotlight

My name is Darah, I am a Family Nurse Practitioner at Egyptian Health Department/Gallatin County Wellness Center. I love working in the healthcare field, because of it's rewarding and challenging aspects. My role is so fulfilling as I get the opportunity to help individuals in the rural area and influence them in times of need. My daily goal is to make at least one positive difference in someone's life.

## InCK Success Stories

A Village InCK Caregiver called on a late Friday afternoon with an urgent need to provide food for a toddler at home. Due to them being involved with Village InCK and having an urgent case, I was able to directly connect them to Galatia Food Pantry who provided the whole family with multiple boxes of food within a hour of making the initial call. This included meat, canned goods, ingredients to cook several meals and so much more. With the help of a volunteer, our program was also able to hand deliver these items to the household who had no transportation at the time. It really does take a village! -Hannah Hall
