

ILLINOIS CHAPTER OF THE AMERICAN ACADEMY OF PEDIATRICS
(ICAAP) PRESENTS:

PHYSICIANS CHAMPION

Dr. Marla Lafikes, MD

*Fairfield Memorial Hospital
"I am honored to be nominated to serve in a leadership role as a community core provider for Village InCK. I am privileged to be part of a team that provides family-oriented care to the rural community. I enjoy continuity of care from newborns to the elderly, which is why I chose family medicine. I look forward to collaborating with other healthcare professionals to build Village InCK to focus on pediatric patients receiving medical care for wellness preventative care as well as chronic problem case management. I believe in the old adage sayings, an ounce of prevention equals a pound of cure and that it truly takes a village to raise a child. Together I believe we can improve the continuity of care for our youth to overall improve their healthcare outcomes."*

Marla Lafikes, M.D., is a family practice physician who sees patients of all ages, but especially enjoys women’s and children’s health. She earned her Medical Degree from SIU School of Medicine in Springfield in 2008 and family medicine residency at Deaconess Family Practice Residency Center in Evansville, IN. She is a member of the American Academy of Family Physicians.
