

ILLINOIS CHAPTER OF THE AMERICAN ACADEMY OF PEDIATRICS
(ICAAP) PRESENTS:

PHYSICIANS CHAMPION

Dr. Matthew Winkleman, MD

Southern Illinois Healthcare

"I'm excited to be part of this unique opportunity to see the various entities that currently serve the kids of our community find ways to better coordinate the work each of us do. Over the last 15 years of practicing medicine, coaching, worshiping, raising kids, and living in Saline county, I've seen both the severe challenges and struggles faced by so many children in our community as well as the outstanding people willing to work at improving things. I'm looking forward to the InCK partnership helping all of us chart a better future."

Dr. Matthew Winkleman, MD attended medical school at Southern Illinois University and a residency in family medicine at Deaconess Hospital in Evansville, IN. He has practiced at SIH Primary Care Harrisburg (formerly Primary Care Group) since 2005 and has been actively involved in many aspects of the Saline County community since that time.
