**Autism Acceptance Month**

**April 2023**

Autism Acceptance Month, previously named Autism Awareness Month, in April aims to celebrate and promote acceptance for the condition that occurs in one in every 54 children as of 2020 in the United States. Autism, a complex developmental condition affecting the patient's ability to interact, communicate, and progress, has not one but many subtypes. First held in the year 1972 by the Autism Society, Autism Acceptance Month emphasizes the need for public awareness to promote acceptance, celebrate the differences, and be more inclusive towards autistic individuals around us. ## InCK Success Stories

During the month of March, InCK employees filled 6,250 eggs with our direct mailer and candy to donate to 24 local businesses for their annual Easter Egg Hunts. These eggs will help spread the word about the InCK Model and how we can help families get connected to needed resources.

This Project is supported by the Centers for Medicare and Medicaid Services (CMS) of the U.S. Department of Health and Human Services (HHS) as part of an award totaling \$9,666,734 with no percentage financed with nongovernmental sources.
