**Notice of Data Security Incident**

**Eldorado, Illinois – February 20, 2024** – Egyptian Health Department (“EHD”) is writing to inform you of a recent data security incident that may have resulted in unauthorized access to some individuals’ sensitive personal information. This notice is intended to provide details about the incident, steps we are taking in response, and resources available to help protect against the potential misuse of sensitive personal information.

**What Happened?**

On December 21, 2023, EHD was the victim of a cybersecurity incident. Upon discovery of this Incident, EHD promptly engaged a specialized cybersecurity firm to conduct a forensic investigation to determine the nature and scope of the Incident. The forensic investigation remains ongoing, but EHD has learned that there is evidence to suggest some of EHD folders were accessed by an unauthorized actor. These folders contain certain employee and client/patient data. While EHD does not have any evidence of misuse or exfiltration of any employee and client/patient data, EHD plans to notify potentially impacted individuals out of an abundance of caution. EHD is currently in the process of identifying such individuals and plans to notify them by mail, in addition to offering credit monitoring and identity theft protection services.

**What Information Was Potentially Impacted?**

For employees, the potentially impacted information may include one or more of the following types of data elements: name, social security number, drivers’ license number or other government-issued ID, financial account information, and/or insurance information.

For clients/patients, the potentially impacted information may include one or more of the following types of data elements: name, date of birth, medical information, and health insurance claims information.

Once again, EHD is in the process of identifying potentially impacted employees and patients and will notify them individually by mail.

**What Steps Is EHD Taking to Protect You?**

EHD is committed to ensuring the privacy and security of all personal information in our care. Since the discovery of the Incident, EHD has taken and will continue to take steps to mitigate the risk of future issues. Specifically, EHD engaged a specialized cybersecurity firm and IT personnel to conduct a forensic investigation to determine the nature and scope of the Incident. Additionally, EHD took the following steps, including, but not limited to: creating new domain controllers; moving the SMB network shares off the domain controllers to a dedicated virtual machine; implementing permission audits on shared folders; limiting Sharepoint Server to internal access only; resetting all credentials; programs requiring inbound initiated connections were moved to individual virtual machines; installing Sentinel One and Huntress on all equipment; implementing limited use access to Domain Admin rights; implementing password protection on spreadsheets with PHI.

**What Steps Can Individuals Take to Protect Their Data?**

EHD will be offering complimentary credit monitoring and identity theft protection services to all potentially impacted individuals. EHD strongly encourages all individuals to register for this free service. Instructions on how to register for these services will be included in the notice letters.

EHD encourage all members to remain vigilant against incidents of identity theft and fraud, to review account statements, and to monitor credit reports for suspicious or unauthorized activity. Additionally, security experts suggest that individuals contact his/her financial institution and all major credit bureaus to inform them of such a breach and take the recommended steps to protect his/her interests, including the possible placement of a fraud alert on the credit file.

## Steps You Can Take to Help Protect Your Information

**Credit Reports:** You may obtain a copy of your credit report, free of charge, whether or not you suspect any unauthorized activity on your account. You may obtain a free copy of your credit report from each of the three nationwide credit reporting agencies. To order your free credit report, please visit [www.annualcreditreport.com](http://www.annualcreditreport.com), or call toll-free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available at <https://www.consumer.ftc.gov/articles/0155-free-credit-reports>) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281.

**Fraud Alerts:** You can place fraud alerts with the three credit bureaus by phone or online. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. As of September 21, 2018, initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years.

**Monitoring:** You should always remain vigilant for incidents of fraud and identity theft by reviewing credit card account statements and by monitoring your credit report for suspicious or unusual activity.

**Security Freeze:** You have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. As of September 21, 2018, it is free to place, lift, or remove a security freeze. You may also place a security
